E. C. WOODSON, City Editor.

LOCAL MATTERS.

LOCAL BRIEFS—

Aut Abby House is in the city.

The Temperance war continues.

Soup at Potter's Saloon to-day at 11 o'clock.

The Colored Cemetery grounds were laid out yesterday and work commenced on the same.

Just received at Potter's, Nathan's old Cabinet Rye Whisky. It is all the go.

Hon. Z. B. Vance will deliver the address before the Literary Societies at Wake Forest College, at its coming commencement.

Dr. Wm. Little, of this city, was unanimously elected one of the Vice-Presidents of the Medical Society of North Carolina, during its session on Tuesday.

$3,500 has been subscribed towards building the new Methodist Church. A meeting of the committee to solicit subscriptions will occur next Tuesday evening.

We are requested by J. C. L. Harris to state that the headquarters of the Republican delegates from North Carolina to the Philadelphia Convention will be at the American Hotel.

The proceedings of the City Commissioners are necessarily crowded out of this issue. Quent Busbee resigned the City Attorneyship and J. C. L. Harris was elected in his stead.

The prettiest thing on ice we ever saw, was that two-storry Julep sent us last evening by An Upchurch's right bower, Harrison. We drank to the restoration of peace and good feelings between our Temperance Editorial friends.

Mr. N. L. Brown, who has so successfully conducted the beautiful Fancy Goods store of Mr. Phil, Thiem, on Fayetteville street, will open in a few days at Brigg's old stand, a first class Confectionery and Fancy Goods Store. The building is now being modernized and refitted for him. Success to his enterprise.

While our Temperance editorial friends are busily engaged eating each other up, and have not time or space to devote to us, we will improve the occasion to remind those of our readers who like us, take a little "su'thing warm" now and then, of the superiority of Bryant's Yadkin county whisky, and Harriss' old peach brandy, both of which we have "tried on."

NATIONAL LOAN AND TRUST COMPANY.—A meeting of the stockholders of the National Loan and Trust Company, incorporated by the last Legislature, was held in this city on Saturday last, and it appearing that one hundred thousand dollars of stock was subscribed and fifty thousand dollars in cash paid in, the following gentlemen were elected Directors:

James Boorman Johnston, No. 90, Broadway, New York.
N. W. West, New York.
C. A. Lherman, New York.
R. B. Haywood, Raleigh, N. C.
R. C. Badger, Wake county, N. C.

At a meeting of the Directors, Dr. R. B. Haywood was elected President and R. C. Badger, Secretary.

We understand an office will be immediately opened in this city, and at a subsequent date at other cities, towns and central points in this State, for the transaction of such business as is authorized by the charter.

We are assured that this company is backed up by large capitalists, and we are gratified to see this first indication of investment of Northern capital here for the development of our resources. The company has made a wise choice in the selection of Dr. Haywood as President, he being a gentleman of wide influence, of the highest social position and great popularity, and a most intelligent and estimable gentleman.

THE DAILY NEWS.

VOL. I. RALEIGH, N. C., TUESDAY MORNING, MAY 28, 1872. NO. 76.

THE MEDICAL SOCIETY OF NOTRH CAROLINA.

IN SESSION AT FIREMAN'S HALL, NEWBERN.

FIRST DAYS PROCEEDINGS.

Reported especially for the NEWS by its own Reporter.

MORNING SESSION.

NEWBERN, N. C., May 21.

The Society met at 12 o'clock, in Fireman's Hall.

The President and Vice President being absent, Dr. P. E. Hines was, on motion of Dr. E. Burke Haywood, of Raleigh, called to preside.

Dr. Jas. McKee, of Raleigh, as Secretary of the Society, took his seat at the desk and announced that the Society was ready to proceed to business.

Dr. E. Burke Haywood, of Raleigh, stated that he was requested by Dr. W. G. Hill, the President of the Society, to express his regret that his office duties at the Penitentiary and the large number of convicts on the sick list, would prevent his attending the present meeting of the Society. He also stated that Dr. Chas. E. Johnson would have attended the meeting, but was prevented by a recent attack of illness, which rendered it imprudent for him to be present.

The Chairman appointed the following Committee on Credentials:

Drs. S. S. Satchwell, of New Hanover, R. L. Payne, of Davidson, and C. Duffy, of Craven, who retired and after a few moments appeared and submitted the following report:

The Committee on Credentials find the following gentlemen properly authorized delegates from their respective societies:

Dr. W. W. Love, New Hanover County Medical Society. Dr. G. A. Foote, Warren County Medical Society, and Dr. V. N. Seawell, of Duplin.

Respectfully submitted,
SATCHWELL, &c.

The roll was called by the Secretary, and the following members answered to their names, Drs. N. J. Pittman, Edgecombe, S. S. Satchwell, New Hanover, E. Burke Haywood, Wake, R. B. Haywood, Wake, A. B. Pierce, Halifax, Hugh Kelley, Iredell, Peter E. Hines, Craven, Geo. A. Foote, Warren, R. L. Payne, Davidson, Chas. Duffy, Craven, J. W. Jones, Edgecombe, J. T. Long, Craven, W. W. Lane, New Hanover, M. T. Bahnsen, Forsythe.

On motion, of Dr. Satchwell, of New Hanover, the reading of the minutes of last session was suspended:

Dr. Satchwell then offered the following resolution:

Resolved, That in order to facilitate business and to further the objects of the Society, a committee of three be appointed on business, whose duty it shall be to report to the afternoon session, special subjects deserving the consideration of the Society, and upon which committees may be appointed, adopted.

Drs. Satchwell, Foote and E. B. Haywood, were appointed as such Committee.

Dr. Payne offered the following resolution, which was adopted:

Resolved, That it shall be one of the duties of the President of the North Carolina Medical Society to procure a full list of the names of all members of the Society in attendance upon each meeting, and that he shall call upon them in alphabetical order to read such article or articles as they may have prepared for that purpose.

He said his object in offering the foregoing resolution was to persuade the diffident members to read such articles as they might have drawn up, previous to their coming into the meeting. Frequently they came there with articles prepared and went away without having summoned up courage enough to read them.

On motion of Dr. Foote a committee (after some discusion both pro and con.) of five was appointed to look into and report upon the financial condition of the Society.

The following gentlemen were appointed: Drs. Foote, Lane. R. B. Haywood, Jones and Kelly.

On motion of Dr. E. B. Haywood the Society adjourned to meet again at 4 o'clock P. M.

AFTERNOON SESSION.

4 o,clock, P. M.

The Society called to order by the Chairman.

The Committee on Credentials submitted a supplementary report, recommended Dr. S. B. Flowers, of Wayne, for membership.

Report received.

Drs. Flowers and Seawell come forward and signed the Constitution, whereupon they were declared members of the N. C. Medical Society.

The Committee appointed on the facilitation of business, reported as follows, by leave to recommend the appointment of the following committees on the subjects named:

A Committee to report at this meeting on the subject of Medical Fees for Life Insurance service, furnishing medical certificates of the competency of medical men to act as examiners, certificates as to ability to do public service, &c.

A Committee to ask from the Legislature at its next session, such protection as will enable physicians, who have already complied with the laws of the State as to collecting medical bills, to better collect their fees.

A Committee to urge upon the Legislature the importance of providing for the examination and license of druggists.

A Committee to solicit at the hands of the Legislature, the passage of an act amendatory of an "Act providing for a Board of Public Charities," &c., so as to have such a Board not one of charity alone, having supervision as now, over the penal and charitable institutions of the State, but one of health and vital statistics also, embracing in its scope of duties, investigations of the causes affecting the health and lives of the people, with recommendations, in regular reports to be made, as to the modification and removal of all such causes and influences. Said Committee to urge upon the Legislature the importance of composing said Board entirely of competent medical men, and to prepare such an amendatory act as in their judgment will embrace the high and humane, scientific and noble objects of such a State institution.

Respectfully submitted,
S. S. SATCHWELL,
GEO. A. FOOTE,
E. BURKE HAYWOOD.

The committee appointed to recommend some plan by which the dues of the Society may be collected, have had the matter under consideration, and respectfully recommend the re enaction of the resolution proposed at the last annual meeting, to wit: that the President appoint one member, whose duty it shall be to collect all dues, and forward the amount collected to the Treasurer. The Committee recommend that the assessment for this year be $3. The Society is indebted in the sum of $407.88 and have now due near $1,000. The committee think that in view of the non-attendance of many members that the gentleman who has the matter in charge in each county be authorized to give a receipt in full on the payment of three years back dues, where dissatisfaction is expressed or the pecuniary condition of the member requires.

G. A. FOOTE,
W. W. LANE,
H. KELLY,
R. B. HAYWOOD,
J. W. JONES, } Com.

The committee on credentials further continued their report by proposing the name of Dr. Geo. S. Attmore,

On motion of Dr. Foote, a committee of one was appointed in each county to collect the money now due the Society and to report the same to the Treasurer.

This energetic firm have just received another entirely new stock, consisting principally af ladies Summer Wear, selected in person by Col. Tucker, in Northern markets. They have beautiful Embroidered Grenadines at 30c per yard; Silk striped Lenos, at all prices from 25c. up; Lustrons, Sheens for suits, at 60; West End Cloths for suits; White Linen Lawns for suits at all prices; Striped Victoria lawns; Semyte Stripes, India Sheeting and Cloths. In short, any and everything that the heart of the ladies desire, and we know this is saying a great deal. Read their advertisemsnt, then go and see for yourselves that they have the largest stock of goods ever before known in their house.

RALEIGH, AS VIEWED BY DR. JETER, OF RICHMOND, VA.—Raleigh is, in some of its aspects, a beautiful city. The North Carolinians have displayed, in a greater degree than any people we know, the good taste to erect their towns and villages amid their native forests. Their metropolis is embowered in oaks, poplars, pines and other trees, indigenous to the soil. Its buildings, except the marble state-house, though many of them are tasteful and convenient, are not particularly fine; but its native trees excel, in their beauty and grandeur, all the glories of architecture. It is called the "City of Oaks," because among all the products of the soil the oak is the pride and the monarch,—Some of these royal trees seem as if their ages might be numbered by centuries; and their huge trunks, deeply rooted, with their expanding boughs, vigorous as they are graceful, bid defiance to storms.

None who attended the Convention will soon forget the hospitality of Raleigh. Dr. Pritchard, the pastor of the church, exerted himself to give every visitor a cordial welcome and a comfortable home. Aided by an efficient committee, and the open hospitality of the church members and the citizens generally, his object was easily, at least satisfactorily accomplished. Each visitor thought that he had the most delightful abode; and we really did have. The comparative smallness of the city, and the centrality of the church at which the Convention met, rendered the assembling of its members easy, and afforded favorable opportunities for their social intercourse. The Baptist church is a fine building—the best worship-house, we think, in the city—occupying a commanding position, at one corner of the capitol square. It was erected through the indefatigable exertions, and, in part, through the liberality of the late pastor, Rev. Thos. E. Skinner, D. D. It was a noble work; and the Baptists are greatly indebted to him for their present prosperous and influential position. He must have contemplated with pleasure, and gratitude to God, the results of his past toils and sacrifices.

We have attended most of the meetings of the Convention from its organization in 1845, down to the present time, and are of opinion that none of them was so delightful as the last. It was characterized by an unusual measures of fraternal affection, courtesy in discusion, harmony of views, zeal in the cause of missions, and spirit of devotion. If an unkind remark was made, or the most sensitive mind was wounded, we did not hear of it.

ANOTHER COMPLIMENT TO ONE OF OUR TOWNSMEN.—Mr. Separk is a practical mechanic fully qualified by experience and training for a Superintendent of Public Works. The manner of his nomination was a deserved compliment to himself and to the highly respected and justly esteemed class to which he is an ornament.

To sum up what we have to say in this connection: Our entire ticket is one that challenges our admiration and approval, and appeals, with the force of justice, to every voter in the State to give it an unqualified support.—*Newbern Journal of Commerce.*

STATE LAWS.—The Secretary of State will commence to-day, sending to county officers and others entitled, the Legislative laws of 1871-'72.

C. F. REAMES' TOBACCO FACTORY.—On yesterday we strolled through the various apartments of this spacious and well arranged factory, that does credit to the manufacturing enterprise of our constantly growing city. Mr. Reames has the well merited reputation of being one of the best manufacturers in the State and long before the war, the Reames' brand of tobacco, then made in Granville, was eagerly sought after by the our eastern merchants. We were pleased to learn from him that orders were yet two weeks in advance of his capacity, but as an enterprising man, he is erecting and establishing increased facilities by which he can supply his largely increasing trade. Success to Reames, for he is a clever fellow and deserves it.

FEAST AND FESTIVAL.—The ladies of the Baptist Church will hold a Feast and Festival, accompanied with Tableaux, at Tucker Hall this evening. The ladies have exerted themselves to render the affair a success and we hope they will be greeted with a large turnout. Ice Cream, Strawberries and Cream, and all the delicacies of the season will be served by the ladies at a moderate price, smiles thrown in "free gratis" and for nothing. Let everybody go.

PERSONALS.—Johnston Jones, Esq., of the Rock Hill (*S. C.*) *Lantern*, paid our sanctum a visit yesterday morning.

The Rev. M. M. Marshall, Rector of Emanuel Episcopal Church, Warrenton, N. C., passed through the city yesterday evening *en route* to the general State Convention soon to meet in Salisbury.

W. L. Thorp, Esq., Attorney at Law, Rocky Mount, N. C., and John W. Blount, Esq., of Wilson, passed through Raleigh yesterday.

THE COMING HOP.—Rutjes, of the National Hotel, is making extensive preparations for another one of those pleasant entertainments that has so gratified our "hopping" population at his popular House since the opening of the Spring, and will come off next Thursday evening. The young people of this city should feel proud of such enterprising landlords as Dr. Blacknall and Rutjes, who contribute so much to their enjoyment.

GOOD BUTTER—See communication of Messrs. Lord and Mills elsewhere in our columns. These gentlemen, who have been exhibiting their "Magic Churn" at the Yarboro for several days, seem destined to make a great revolution in the art of butter-making. All who have seen their operations express themselves as highly pleased, and say the "Magic Churn" is a grand success.

FLOWERS FOR THE DECORATION.—The Committee on decorating the graves of the Union soldiers buried in the National Cemetry, request all persons who desire to contribute flowers or evergreens to send them to the office of S. D. Wait, on Fayetteville street, or the National Hotel, on Thursday morning, May 30th, by 11 o,clock, A M.

MEETING OF THE GRAND CHAPTER.—The Grand Chapter of Royal Arch Masons of North Carolina will convene in Wilmington on Monday evening next. We learn that several delegates will attend from our city.

BASE BALL ITEMS.—The young Base Ballists of the city took another spirited contest on Saturday. The match was decided in favor of the "Junior's" by eight runs.

THE MASONIC TEMPLE.—There will be a meeting of the Board of Directors of the North Carolina Masonic Temple Association, this afternoon at 5 o'clock, at the Citizens' National Bank.

LORD & MILLS' MAGIC CHURNS.

To Dairy-men and Farmers in North Carolina.

Messrs. Lord & Mills, Proprietors of the Magic Churn, respectfully present to the people of North Carolina, a description of the Magic Churn, and the manner in which it is used, together with a few testimonials from parties who have used them, and are able to speak from actual knowledge of their advantage over the old method of making butter. These churns are so constructed as to serve the double purpose of churning, and also of working the buttermilk out of the butter. They have the great advantage of enabling butter-makers to keep the milk at the proper temperature, and to surround it with sufficient moisture in a warm, dry room. Thus, the trouble of transporting the milk to a cool, damp place is avoided, as is also the danger of injurious effects which may result from such an atmosphere. With ordinary care, white caps or specks never appear in butter churned with the Magic Churn. The use of the Magic Churn reduces the labor of the dairy more than one-half, and at the same time, increases the profit of the dairy fully twenty per cent. It will be seen by all who give this subject a careful and a thorough examination, that it can do all that is claimed for it.

We take great pleasure in thanking the intelligent people of Raleigh, for the interest they have taken on the subject of making butter, and hope to be able soon to have our Agent wait on Farmers with two sizes of our Magic Churns and Dairy Thermometers, and also with a book of instructions, which will enable all to give it their careful examination so that these may need be at no trouble of making the nicest kind of butter. The testimonials from prominent parties living in this city that we shall give you, ought to convince any intelligent farmer and his wife, that it is for their interest to procure a Magic Churn, though their dairy does not consist of more than two cows, as it will more than pay for itself in dollars and cents the first year, to say nothing of the saving of labor.

FACTS AND FIGURES FOR DAIRY-MEN AND FARMERS.

My object in giving the following facts and figures is to convince farmers that it is for their interest to attend more to the subject of the dairy business, and also to convince them that it is for their interest to procure a Magic Churn, in making butter, and for them to arrive at that conclusion, I will not ask them to take my statements, but will give the testimony of those who have used them, and know from experience, their good qualities. (See testimonials hereafter:) Suppose you have 27 cows, a fair average for the season is 100 pounds of butter to each cow, if you will feed the cow, making 2,700 pounds. If it sells for 25 cents per pound, it will amount to $675. Now, the Magic Churn will make 15 per cent. more butter, (see testimonials,) which will be 405 pounds added to 2,700 pounds, making 3,105 pounds, which will sell for 30 cents any season, when the others sells for 25 cents; making the amount for the 3,105 pounds, $931.50. Add to that the wages of a hired girl for that purpose for the season, 25 weeks, at $3 per week, making $75, which could be saved by using the Magic Churn. Now deduct the $675 from this amount and you have the snug little sum of $331.50 cents as the net profit in favor of the Magic Churn for the first season, which will pay for the Churn and give you $325.50 in cash, besides. You have not only gained the $331.50, but you have made an article of butter which will readily outsell your neighbors' who use the old fashioned churns, by 5 cents per pound, and bring the cash, while he is troubled to get 5 cents less, and slow pay at that.

Messrs. Lord & Mills, the Proprietors of the Magic Churn, one of whom is the inventor, will remain in Raleigh a few days longer, at the Yarboro, and would like a few more good men to commence the sale of these Machines in some of the best localities, for dairy business, to whom liberal inducements will be offered.

Active, enterprising men, who would like a light, lucrative business, will do well to call at their earliest convenience.

CALDWELL'S POLITICAL SINS.

In our yesterday's issue, we briefly referred to Gov. Caldwell's sins of omission, in that he stood by, as President of the Senate, and saw the State of of North Carolina robbed of Fifteen Millions of Dollars, and "never a word spake he."

To-day, we propose to refer briefly, to a few of his sins of commission, which we will discuss at greater length and more in detail during the campaign.

On the 22nd March, 1871, Gov. W. W. Holden was found guilty on certain articles of impeachment, and deposed from office by the Legislature of North Carolina.

It has been said that no man was more rejoiced at this event than Gov. Caldwell, because by that act, his Accidency was made Governor of the State.

Of this we know nothing; but we do assert that from the time of his accession to the Gubernatorial chair to this day, a period of over fourteen months, the course of Governor Caldwell has been such as to deserve the severest condemnation and censure of the people of the State.

Gov. Caldwell's official career has been a series of blunders, of unwarranted abuses of power, of open, notorious and flagrant usurpation.

As the Executive of the State, he has shown himself to be a bitter and unscrupulous partisan.

He has shown himself to be a contemner of the law, and a violator of that Constitution which he has taken a most solemn oath to support.

He has shown himself to be a foe of civil government, and the abject minion of power and military law.

He has shown himself to be false to the obligations resting him to preserve the peace and dignity of the State government—false to the rights of the personal liberty of the citizens—false to the honor and character of North Carolina.

And lastly, he has shown himself to be an incendiary politician, a fomenter of strife and dissension, an inflamer of the vilest passions and prejudices between the two races, and a demagogue of the very lowest type.

Now, these charges are not made lightly or unadvisedly. They are not made simply for political effect, and in the heat of political discussion.

THEY ARE MADE FROM THE OFFICIAL RECORD AND PUBLIC ACTS OF TOD R. CALDWELL HIMSELF. That record and those acts neither Tod R. Caldwell nor his friends dare deny.

It it by the record we speak, and by his own acts we condemn him. If we mis-state either, we will cheerfully make the correction. Of course our inferences and conclusions are our own—for which we are alone responsible, and we are willing to let the public judge how far they are correct, or legitimate, or warranted by Gov. Caldwell's conduct.

First, we charge that Caldwell in his official acts, has been an *unscrupulous partisan*. To sustain this charge, we refer to his action on the Convention bill, and in regard to the benevolent institutions and Penitentiary. In the first case, he refused to obey a plain act of the law making power, because if the Convention had been called it would have turned out the Governor's incompetent, dishonest and corrupt political friends who now disgrace many of our State offices, and because it would have changed some of the odious Radical features of the Constitution. He violated the law in regard to the Lunatic Asylum, the Institution for the Deaf and Dumb and the Blind, and the State Penitentiary, in order to appoint a few Radical favorites to the directorships of these institutions.

We charge, in the second place he is a *contemner of the law*, which he had taken a most solemn oath to support. No Executive officer has a right to interpret the law. That duty is left with the Judges alone, acting in their regular judicial capacity. There have been no decisions of the Superior or Supreme Court, *sitting as Courts*, that the Acts referred to are unconstitutional. Until such decisions were made, Gov. Caldwell, in refusing to obey the plainly written law, became a *violator of the law*. When he assumed judicial functions, he trampled down the Constitution of the State, and was guilty of an impeachable offence.

In the third place, we charge that Governor Caldwell is the *foe of civil government*. He avows himself in favor of the suspension of the writ of *Habeas Corpus*. The Constitution says this writ shall never be suspended in time of peace. Its suspension places the lives and liberties of the people at the mercy of military Courts. It strikes down the fundamental pillar of Republican government, and places the military above the civil power. In advocating the suspension of the great civil muniment, as Gov. Caldwell does in his public speeches, he proves himself to be the abject slave of his master, President Grant, and the minion of military power.

In the fourth place, we charge that *he has been false to his obligation to preserve the peace and character of the State, and the personal liberty of the citizen.* When a citizen of Cleaveland county was arrested by Federal soldiers stationed in South Carolina, and carried under arrest to the latter State, when the matter was first brought to Caldwell's knowledge he made no demand on the proper authorities for the rendition.

Afterwards, when the Legislature took notice of this great outrage, and asked the Governor for information on the subject, and why he had not performed his duty in the premises, he even then refused to maintain the character of the State and the rights of one of her citizens who had been forcibly arrested and carried beyond her borders, but crawled ignominiously before the footstool of power at Washington City, and asked instructions from the Attorney General of the United States. Such conduct exhibited a truckling subserviency to power which is contemptible in itself and disgraceful to the honor and dignity of the State.

In refusing to protect the property and lives of the people of one section of North Carolina from the depredations and murders of a band of law-defying and blood-stained cut-throats, who roam undisturbed and unopposed in the swamps of Robeson, he has proved false to his obligations to preserve the peace and dignity of the State, and brought down upon his head general condemnation and contempt, not only in North Carolina, but in many other States of the Union.

Lastly, he has shown himself to be a *demagogue of the lowest type and an incendiary politician.* Read the address of the Radical Legislature published in 1868, a most infamous and incendiary document, calculated to arouse the worst passions and prejudices in the minds of the negroes, and indirectly and covertly advising them to steal, to burn and to murder! The first signature to that diabolical instrument is that of TOD R. CALDWELL. HIS HAND SHOULD HAVE WITHERED ERE IT HAD PENNED HIS NAME TO THAT INCENDIARY PRODUCTION.

That is not all. In his public speeches now, he talks to the negroes about their former treatment by their masters—of the stripes and cruelties they have received, and tells them there is danger of their being again reduced to slavery if the Democrats should get into power! He appeals to the worst passions of the black and white races, and his efforts on the stump prove him to be a demagogue of the lowest order and a disgrace to the Gubernatorial chair of North Carolina.

Fellow-citizens, these are some of the political sins of commission of the man who asks the people of North Carolina to make him their Governor.

Can you endorse such a man?

CAN YOU VOTE FOR A MAN WHO HAS DISREGARDED HIS SACRED OATH OF OFFICE TO OBEY THE LAW—WHO HAS SET THE ACTS OF THE LEGISLATURE AT DEFIANCE—WHO HAS ASSUMED JUDICIAL FUNCTIONS, WHICH THE CONSTITUTION EXPRESSLY FORBIDS HIM TO DO—WHO REFUSED TO DEMAND THE RENDITION OF ONE OF OUR CITIZENS WHEN FORCIBLY TAKEN INTO ANOTHER STATE, AND THUS FAILED TO VINDICATE THE HONOR AND CHARACTER OF THE GOVERNMENT—WHO ADVOCATES THE SUSPENSION OF THE WRIT OF HABEAS CORPUS IN THE SOUTH—WHO REFUSES TO PROTECT THE PROPERTY AND LIVES OF THE CITIZENS OF THE STATE—WHO SIGNS INFLAMMATORY ADDRESSES APPEALING TO THE LOWEST PASSIONS OF THE HUMAN HEART—WHO DELIVERS INCENDIARY POLITICAL SPEECHES ON THE STUMP, AND ATTEMPTS TO EXCITE OLD PREJUDICES AND REVIVE OLD FEUDS—WHO, IN A WORD, HAS DISHONORED THE EXECUTIVE CHAIR OF NORTH CAROLINA by an official career of MISCONDUCT rarely paralleled in THE HISTORY OF ANY STATE—A CAREER WHICH IS A BLOT UPON THE CHARACTER OF OUR STATE GOVERNMENT AND WHICH HAS COVERED THE NAME OF TOD R. CALDWELL WITH INDELIBLE INFAMY?

We repeat, will the people—the honest, patriotic, law-abiding, and liberty-loving people of North Carolina sanction, at the ballot-box, the infamous acts and conduct of their Governor, and thus give endorsement to a course of unbridled usurpation, outrage and wrong which has disgraced the present State administration?

We do not—we can not—we will not believe it!

RADICAL CONSISTENCY.

Caldwell stated in his speech at Carthage, on Thursday last, that he approved of the suspension of the writ of *habeas corpus* in the South!—*Raleigh News.*

This is nothing *new*, Mr. NEWS, to Southern people. During the despotism of the Confederacy, the writ of which you speak was suspended by Jeff. Davis at his pleasure, and in several of the States, and a military despotism reigned supreme all over the South.—*Statesville American.*

The Statesville *American*, after making the above comment on the article quoted from the DAILY NEWS, proceeds to give some instances of hardships and suffering practiced upon the people of North Carolina by the Confederate authorities. That paper abuses the Confederate Government for suspending the writ of *Habeas Corpus* in time of war, and then veers suddenly around, and justifies its suspension in time of peace! Oh, consistency!

If "Jeff. Davis" was wrong in having the writ suspended in *time of war*, is Gov. Caldwell justifiable in advocating its suspension in *time of peace*—which the Constitution says expressly shall never be done?

But the people of North Carolina were opposed to its suspension even in time of war. In 1863, when the war was at its fiercest, Mr. Foy introduced two resolutions in the North Carolina Legislature, which was passed by that body, the first requiring the Judges of the State to see that the writ of *Habeas Corpus* issued by them was executed, and the second instructing the Senators and Representatives in Congress from North Carolina "to urge and procure, if possible, a repeal of the law authorizing the President to suspend, in his discretion, the writ of *Habeas Corpus.*"

Remember, this was in time of war—when the South was invaded by a powerful and formidable army—and when, if ever there could be, there was a strong ground for suspending the writ—even then North Carolina was opposed to it.

What will the old State say to its suspension after peace has been proclaimed for seven years—after the war has long since ceased—after the South has laid down her arms?

LET THE PEOPLE AT THE BALLOT-BOX SAY WHETHER THEY WILL ENDORSE SUCH AN ASSAULT UPON THEIR LIBERTIES!

OUR CANDIDATES SHOULD WORK.

The charge was made against Judge Shipp at Greensboro, that he had not, nor would, use any means to secure his election, or that of the ticket, and we are now very anxious that the distinguished Attorney General should, by his determined acts, show how unwarranted was the charge, and not only one, but every man on the ticket, however small his sphere, can do something, and render lighter the labors of the warriors already in the field.—*Roanoke News.*

We copy the above from an editorial in the Roanoke *News*, urging all our candidates on the State ticket to go to work.

We can assure our cotemporary that Judge Shipp will take the field in a few days and do his part in assisting Merrimon and Hughes to arouse the people. Major Graham and other candidates should also lend a helping hand.

Severe rains have visited Brazil.

THE LOCAL PRESS.

The influence of newspapers in all political campaigns is acknowledged to be potent. And yet what feeble efforts are made by candidates and canvassers to circulate Democratic papers and documents among the people?

This is a very important matter. It ought to be attended to in the present canvass.

The Democratic papers in the several Congressional Districts and counties should be encouraged and patronized. They are working with unusal zeal and ability. We are proud of the tone and spirit of our Democratic exchanges.

Let the candidates in each District and county see to it that their local papers are extensively circulated.

The people need light and facts.—How can they be well posted unless they read the political newspapers?

The recent action of the Convention in the First District, appointing canvassers and agents to solicit contributions and subscriptions for the *Economist*, is right; but let the other papers in that District be equally encouraged, and in all other Districts in the State.

The people in Western North Carolina, especially, should give greater encouragement to their Democratic organs. Let the Conventions hereafter to be held emulate the example set by the Convention in the First District.

THE NATIONAL OUTLOOK.

The political situation seems to have undergone no material change for the last few days.

Mr. Greeley's letter of acceptance has been favorably received by those who are willing to vote for him, and has made a decided impression on the country.

The New York *World* continues to fulminate against Greeley and ridicules his strength among the Northern Democrats. The *World* says that the Democrats of Pennsylvania, Indiana and Ohio are pretty solidly arrayed against him and are utterly opposed to his endorsement.

We have seen nothing to change our views on the subject as heretofore enunciated. We are content to leave the question of candidates to the Baltimore National Convention.

For the Daily News.

Gaston H. Wilder.

The long deferred amnesty act having at last become a law, several men in Wake county, whom the people have long delighted to honor, are now for the first time eligible to office. Prominent among these is the gentleman whose name heads this article. We believe if he can be induced to become a candidate for the office of Sheriff, not withstanding the odds against him, he can be elected. The importance of having such a man in a position which gives its occupant so much influence in the county, and enables him to be of vast service to the cause of law and order, cannot be overestimnted. He will silence the voice of faction and bear our banner victoriously in the campaign.

"BLASTING-POWDER"
FOR
Democrats and Conservatives.
A Popular Paper for the Campaign.
JOHN SPELMAN, Editor.
RALEIGH, N. C.

On or about Wednesday the 22d inst., will be issued the first number of the People's Campaign Paper, bearing the above name. It will be issued weekly till the close of the August elections.

TERMS:

Single copies,	$ .25
Clubs of five and upwards, to one address, five copies for	1.00

"Blasting-Powder" will heartily and vigorously support the nominees of the Greensboro Convention, and expose and denounce, unrelentingly, Radical rascality and abuses. It will be larger than, but much upon the plan of the "Little Adder," so successfully conducted by the undersigned during the memorable campaign of 1860, and will occasionally contain appropriate illustrations.
A paper fearless in its course, and attainable by reason of its extremely low price, is much needed by the great mass of the people and cannot fail to aid in arousing them to the deplorable condition to which we are all reduced by Radical villainy and misrule. The subscriber calls upon the active, leading men of the State to aid him in reaching the popular mind by giving to this paper the widest circulation. A slight effort on the part of each of such men in the several counties of the State will secure at once a circulation of thirty thousand copies which will be the means of laying important facts and figures before one to two hundred thousand readers weekly. The effect of this need will not be dwelt upon. To achieve such a result surely is worthy a little effort. Shall it not be made? Send in the lists of subscriptions. Already they come in clubs of tens, fifties and hundreds. The cash must in all cases accompany the orders.
A limited number of select advertisements will be inserted, by urgent request, at $1.50 per inch for the first, and seventy-five cents for each subsequent insertion. The money must also accompany the advertisements. Address

The Political Aspect of Affairs in this State.

A correspondent of the New York *Herald*, writing from this city, on the political prospects in this State, says:

A State ticket has been nominated by both the parties in this State—that of the Republicans, in this city, on the 17th of April last, and that of the Conservative Democratic party, at Greensboro, on the 1st inst.—and the campaign is now fairly opened. The canvass in this State assumes the greatest importance, from the fact that North Carolina will be the first State to vote in the election coming off in the month of August, and will probably indicate, in a most emphatic manner, the Presidential candidates for whom the vote of the South will be cast. Viewing the situation here from an impartial standpoint, the result appears to be doubtful. Both parties are sanguine, but the issues in the present canvass are so completely at varience with those of any previous campaign, that it is hard to form any definite estimate of the probable result. Just after the Democratic nominations at Greensboro I would have predicted that the State would go Republican; but now I am of exactly the opposite opinion. Since then there has been quite a political revolution worked among the white Republicans of the West by the nomination of Horace Greeley at Cincinnati, for President of the United States. This I learn from a number of leading Republicans who have been recently in this city from that section. The strength of the Radical party among the white people of this State, lies in the West. There has always been a strong Union element there, consisting of the anti-slavery men and anti-secessionists, who have regarded Greeley as a sort of political demigod. Prior to the Cincinnati nominations, this class of Union voters were strong in their determination to support not only General Grant for the Presidency, but also the State Republican ticket.

A Radical change has taken place, and the universal sentiment seems to be Greeley and the State nominees who endorse him. This, probably, the Conservatives will do if the Baltimore Convention does not commit political *hari-kari* by nominating a Democratic ticket, and thus defeat the aspirations and wishes of the Conservative majority in the South. On the subject of a National Democratic ticket there is but one opinion, and that is that none should be put in the field. A majority of the Conservatives were totally opposed to the holding of the Convention at Baltimore, but now that it must be held, it is strongly hoped that that body will be sensible enough to endorse the Cincinnati nominees and harmoniously adjourn. The Southern people had a severe lesson when they nominated the ticket for the Presidency and Vice Presidency in 1868, and it is scarcely likely, with the sad results of that disastrous experiment before their eyes, that such a thing will be attempted again. A count of the Conservative newspapers of the State shows that, with few exceptions, they favor the Cincinnati nominations, and two of them have already placed the names of Greeley and Brown at their masthead for the Presidency and Vice Presidency.

* * * * * * *

Coming, then, directly to the State campaign, there are a number of influences at work which may change the result, and which place it utterly beyond the power of any one to base an estimate with the data to be had at present. As the readers of the *Herald* have already been informed, the Republican Convention was manipulated in the interest of Governor Caldwell, (the present incumbent) and against President Grant's favorite, Thomas Settle, late minister to Peru, by United States Marshal Carrow and Supervisor Perry, of the Internal Revenue. These two federal officials, who control all the United States Offices in the State, threw their influence in favor of Caldwell and against the administration candidate for the gubernatorial nomination, and succeeded in electing him. Of course, they will use the same influence for Caldwell's election by the people, and that is by no means inconsiderable.

Carrow has a corps of deputies all over the State looking after the Ku Klux, each one of whom can command a large number of votes in the county in which he is stationed. From what I know of these deputy marshals, they will be the most powerful agents in a canvass that could be introduced, and I am half inclined to regard the election at their disposal if they exercise their unlimited authority. Then Supervisor Perry is almost equally potent as an engine of political power. All the revenue collectors and their deputies and the assessors and their deputies will be used as he may direct, and with such force in the field as these it is difficult to say at the present time how the election in August may go.

The Conservative Democrats have nominated the strongest and most powerful ticket that could well have been gotten up in the State, but I think their strongest card has been the nomination of Greeley for the Presidency, which will bring a large number of whith Republicans to their support. They go before the people with a catalogue of grievances that will command attention even from Republicans. The Kirk war and the reign of terror in the State in 1870, during the administration of Gov. Holden, will be brought up in all its hideousness; the violation of the right of trial by jury; the unconstitutionality of the Ku Klux laws; the working of the internal revenue law to the injury of the products and the people of the State, the system of spies and informers kept up for the arrest and imprisonment of citizens of the State, and the manner in which the taxing power has been prostituted and the people plundered; all these will be fruitful themes during the canvass. Add to them a number of allegations against Governor Caldwell for his opposition to acts of the Legislature and other local issues, and the Conservative bill of indictment is full. Then, again, "reform" is essentially needed in a State almost bankrupt, and this, perhaps, will be the grandest object of the election in a local point of view. A Legislature has to be elected which will favor the submission to the people of certain proposed constitutional amendments which are intended to lessen the expenses of the State government, and place the State debt on some permanent equitable basis and afford relief from the present public debt. In a word, retrenchment and reform will be the battle-cry of the people, who think they have too many State and county officers, too many judges, too many sessions of the Legislature, and that the salaries paid to these officials are by far too large for the duties they perform. A two-thirds majority in both branches of the Legislature will therefore be required to submit the constitutional amendments, and it can easily be seen that the contest will be unusually exciting and interesting.

A salute was fired in Lafayette Square, New Orleans, for Greeley and Brown on the 26th inst. The ratification meeting at Carlos Theatre was largely attended.

The widow of the poor workman, Merritt, who was killed in London by the American lunatic, Minor, has been placed in comparative affluence by contributions from American sojourners in that city.

There were four accidents at the Church Hill Tunnel, Richmond, Va., last week, one resulting in death.

Columbus, Ga., has subscribed over $200 to the Cooper fund.

WARRENTON HOTEL

FOR SALE.

In consequence of old age and infirm health for the last seventeen years, and not being able to attend to the duties of a hotel I have resolved to sell the above property. It is located in the town of Warrenton, Warren county, N. C. The hotel contains some thirty rooms, and all necessary outhouses, and can accommodate from 50 to 75 guests comfortably. It is the only public house in the village. Warrenton is celebrated for its healthfulness, good society and schools. There are four churches of different denominations in the village, and it has been for many years a favorite resort of persons seeking health in Summer and Fall. This property will be sold lower than any property of the kind ever offered to the public. I deem it useless to give a farther description of the property, as any person desiring to purchase, can come and examine the premises. I am determined to sell.

The hotel will continue open for the reception of the traveling public, and I invite all heath seekers, in the Summer, to call upon me. My terms will be moderate. MRS. M. M. R. BROWNLOW.

TUESDAY.....MAY 23, 1872.

"WITHOUT AND WITHIN."

Softly the gold has faded from the sky,
Slowly the stars have gathered, one by one;
Calmly the crescent moon mounts up on high,
And the long day is done.

With quiet heart my garden walks I tread,
Feeling the beauty that I cannot see;
Beauty and fragrance all around me shed
By flower, and shrub, and tree.

Often I linger where the roses pour
Exquisite odors from each glowing cup;
Or where the violet, brimmed with sweetness o'er,
Lifts its small chalice up.

With fragrant breath the lilies woo me now,
And softly speaks the sweet-voiced mignonette,
While heliotropes, with meekly lifted brow,
Say to me, "Go not yet."

So for a while I linger, but not long;
High in the Heavens rideth fiery Mars,
Careering proudly 'mid the glorious throng,
Brightest of all the stars.

But softly gleaming through the curtain's fold
The home-star beams with more alluring ray,
And, as a star-led sage and seer of old,
So it directs my way;

And leads me in where my young children lie,
Rosy and beautiful in tranquil rest;
The seal of sleep is on each fast-shut eye,
Heaven's peace within each breast.

I bring them gifts. Not frankincense nor mirth,—
Gifts the adoring Magi humbly brought
The young child, cradled in the arms of her
Blest beyond mortal thought.

But love—the love that fills my mother-heart
With a sweet rapture oft akin to pain;
Such yearning love as bids the tear-drops start
And fall like summer rain.

And faith—that dares, for their dear sakes to climb
Boldly, where once it would have feared to go,
And calmly standing upon heights sublime,
Fears not the storm below.

And prayer. O God! unto Thy throne I come,
Bringing my darlings—but I cannot speak.
With love and awe oppressed, my lips are dumb;
Grant what my heart woud seek!

The Washington Treaty in The Executive Session of the United States Senate.

A dispatch from Washington, dated the 26th inst., gives the following particulars of the Executive Session on the Washington Treaty:

The endorsement by the Senate, of an additional article to the Treaty of Washington, was governed by a strong desire, in which the President shared, to remove the differences which threatened the prosecution of the arbitration under the treaty which a year ago the same Senate emphatically ratified, and which was designed to settle in an amicable manner all causes of difference between the United States and Great Britain. It is known from official and private advices that Great Britain was determined to withdraw the arbitration should the United States persist in the prosecution of claims for indirect damages, and it is further known that the United States was for some time, under these circumstances, disposed to throw the responsibility of the threatened failure of the treaty on Great Britain, our government insising that it had a right to present these claims with the others before the tribunal, in order that the principle involved might be settled, though not expecting to receive a moneyed consideration, and Great Britain, with its view of the case, was disposed to throw the responsibility of the failure of arbitration upon the United States. The vote taken last night in the Senate is regarded as an expression of the views of a large majority of the Senate against the claims for indirect damages, in view of a like admission on the part of Great Britain against the United States in a future contingency, and under circumstances similar to these, in which the objectionable class of claims originated.

The President, as thus advised, has already, by the Secretary of State, taken measures through the Atlantic cable to procure the assent of the British government to the article as amended by the Senate, with a view of putting in treaty form declaration against indirect damages, which the United States have now abandoned, and which Great Britain asserts she never claimed for herself as against other powers.

During the consideration of the subject in executive session, it was thought at times that the article would fail of receiving the requisite vote of two-thirds, owing to the contrariety of views presented. Not less than six amendments were offered to effect the desired end. Conflicting reports prevail as to the vote advising and consenting to the President's negotiating a treaty on the proposed basis, but forty against nine seems to be the more reliable statement. A number of Senators were present, though not voting.

The article as endorsed is changed in phraseology from the original, though preserving the principle sought to be established by the two governments with regard to consequential damages. The precise language of the article will not be officially made known until it shall have have been ratified, and it is certain that if the double injunction of secrecy imposed on Senators shall be respected by all of them, it cannot be known through that source. Although many Senators last night declined to give any hint and even refused to speak on the subject, the result of the action of the Senate was known by those whose business it is to seek for the information in an hour after that body had terminated their nine hours continuous session with the doors closed and guarded, and other precautions taken to prevent unauthorized disclosures. It is believed that Great Britain will assent to the modification of the article as she, now, with the United States, is anxious for the tribunal of arbitration to proceed without further hinderance. According to report, the debate on the subject before the Senate was earnest throughout, the majority of those who participated in it being influenced by a desire to remove obstructions in a way which would preserve the National dignity, while a few others were inflexible in their opposition, as it the assent to the avoiding of the claims for indirect damages would be lowering the American flag to the dust and allowing the British to walk over it. The subject will next come before the Senate on the ratification of the article. The Senate, having concluded the interrogations of its members regarding care in preventing their copies of the secret correspondence and to prevent the article from reaching outside parties, it may now prosecute the investigation concerning the publication of the document with a view to emphatic action in the premises.

GUANO GUANO!! GUANO!!!

WALNUT HILL, N. C., Feb. 16, 1872.

Messrs. A. G. Lee & Co., Raleigh.

GENTLEMEN:—By your request, I herewith submit the result of an experiment on cotton, with different kinds of Guano purchased of you last season. I planted twenty rows, using on the 1st four nothing, On the 2nd four, 54 lbs of Phuine.
" 3rd " " " Peruvian.
" 4th " " " Bat,
" 5th " " " Phuine and Peruvian mixed (1-5 Peruvian and 4-5 Phuine)—the best of land all being of the same quality. The Guanos were all accurately weighed when put in, the cotton carefully weighed from each set of rows when picked out, and the cost of each kind of Guano correctly calculated; with interest at 8 per cent. per annum added. Taking the first four rows (without Guano) as a basis, the following is the result:

Nett profit on the 2nd four (Phuine,) on the money laid out,	71½ per cent.
Nett loss on the 3rd four (Peruvian,) on the money laid out.	10⅔ per cent.
Nett loss on the 4th four (Bat) on the money laid out.	26½ per cent.
Net profit on the 5th four (mixture) on the money laid out.	94 per cent.

The cotton was put at 6½ cents per pound in the seed.
Very respectfully yours,
A. T. MIAL.

We can furnish all the above kinds of Guano here at the following rates for cash:

Phuine,	$57 50 per ton
Patapsco Guano,	57 50 "

SOLUBLE PACIFIC GUANO

PRICE REDUCED.

The excellence of this Guano is now so well known from long experience in its use throughout the country, as to render it unnecesary to say more than to assure the planters, that its quality and composition is the same as that henceforth put into market, while its condition as to dryness is greatly improved.

Experience has shown that an application of 150 to 200 lbs. per acre, of this Guano, under favorable condition of season and culture, increases the crop from DOUBLE and TREBLE the natural product of the soil. An agency which so largely increases the product of labor, at so moderate an outlay, must be an essential element in the profitable cultivation of the soil.
